Description

Reliable Semi Truck for Regional & Long-Haul Freight This International ProStar day cab is built for durability, fuel efficiency, and performance. With its aerodynamic design and strong Cummins or Navistar diesel engine (to be confirmed), this unit is ideal for regional hauls, short-distance logistics, or yard operations. Its tandem axle configuration allows it to pull full-size trailers with confidence. **Details:** • Make: International • Model: ProStar (Day Cab) • Configuration: 6x4 (tandem rear axles) • Engine: Likely Cummins ISX or Navistar MaxxForce (verify) • Transmission: Manual or automatic (verify) • Fuel Type: Diesel • Axles: Tandem rear • Cab Style: Day cab (no sleeper) • VIN / Mileage: To be confirmed • Condition: Used – good working condition • Application: Long-haul, regional freight, container transport
